### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Xin Wen on 10/4/2006.

The application has been amended as follows:

On claim 1, line 6, after "the picture portion of the frame image", add "using the illumination of the picture portion of the frame image".

Cancel claim 10.

On claim 26, line 7, after "the picture portion of the frame image", add "using the illumination of the picture portion of the frame image".

On claim 27, line 10, after "the picture portion of the frame image", add "using the illumination of the picture portion of the frame image".

2. The corrections on drawing filed 10/3/2006 is accepted.

3. The following is an examiner's statement of reasons for allowance:

The Reply Brief filed 9/28/2006 is defective because the amended claims have not been entered. However, the argument presented regarding U.S.C. 112 rejection is persuasive.

The closest prior art by Oles or Teo do not disclose "mapping the picture image to the picture portion of the frame image using the illumination of the picture portion of

the frame image in order to generate the frame prototype image wherein the perspective frame image is not shown in a head-on view".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
